Fortune 500 company

CREATING AMERICAN JOBS

- We're hiring in communities across the country including places like Kettering, Ohio, Bridgeton, Missouri and Milwaukee, Wisconsin, creating thousands of jobs that include robust benefits and continued training so our employees can continue to refine their craft.

INVESTING IN INFRASTRUCTURE

- Over the next five years, we will extend the reach of our network to two million new customer locations, including in rural and underserved areas.
- Legacy Charter is already all-digital. Over the next year we will invest in the former Time Warner Cable and Bright House Networks to take these networks all-digital, too.

A COMMITMENT TO BETTER CUSTOMER SERVICE

- Charter's in-house, American workforce enables us to ensure our employees are properly trained and our network is better maintained — improving customer experience and reducing costs.
- We schedule one-hour appointment windows, one-third of which are in the evenings and on weekends.
